Reminders: Choose the best selection for your employment type to start the wizard. To assist in selecting the best option for you, start by asking the question "How do I plan to use the registry?" If I am entering the registry to be an Ohio Approved Instructor only, then perhaps selecting the "Other Early Childhood Employment" then selecting "Instructor" from the roles list may be the most applicable to you. Every employment type will have different roles and different fields to complete. Follow the instructions of the wizard as you complete your employment type and role entry.
