

Ohio Approved Instructor Application User Guide

The Ohio Approved designation represents the state’s consolidated professional development (PD) approval process. It replaces existing procedures, including the Ohio Department of Education’s Early Learning and School Readiness, the Ohio Department of Health’s Help Me Grow, and the Ohio Department of Job & Family Services’ Step Up To Quality (SUTQ) approval processes. The Ohio Approved (OA) designation is required for trainings and community of learners to count toward the SUTQ professional development requirements. Only Ohio Approved instructors can author and instruct Ohio Approved PD.

Those interested in becoming an Ohio Approved Instructor need to complete and submit an Instructor application. Instructors for special professional development events, for example, conferences, and those not in the early care and education and afterschool field may not need to complete an instructor application. These instructors need to inquire with their sponsoring training organization.
