## Expenses

Each activity will be listed under the expenses section and list out the Use of Sub-Grant Funds that were selected in the application. To reconcile, type the amount of expenses per sub-grant activity in the boxes next to each activity. Once you begin typing, the Total Expenses activity will begin to total each entry for that Sub-Grant section. Do not round your entries and enter your exact expenses, even if the amount is over the total requested amount.

### Expenses

Child Care Stabilization Sub-Grants	Use of Sub-Grant Funds	Type Here ↓	Total Expenses*	Total Requested
Operating/New Pandemic Cost	Personnel costs including wages, benefits such as health, dental, vision, paid sick leave or family leave, retirement contributions	16257.58	\$15293.00	\$15293

Each activity should have a dollar amount. If you find that an activity selected in the application, has a \$0, then enter a "0" in that field. The subtotaled amount entered for each sub-grant can meet or exceed the sub-grant requested amounts. Programs are not able to overspend in one sub-grant to cover a shortfall in another sub-grant.

If the program chose not to receive funds in a certain sub-grant category, the field will appear blank, and state "Waived" in the Use of Sub-Grant Funds category.
