

Application Guidance Document – Phase 3

Family Child Care – Type A and Type B

BACKGROUND

The American Rescue Plan Act (ARPA) of 2021 was signed into law on March 11, 2021, issuing three streams of federal funding to states through the Child Care and Development Fund which includes Supplemental Discretionary, Stabilization, and Mandatory/Matching funds. Stabilization funds support states in providing financial relief to child care programs by helping to defray unexpected business costs associated with the pandemic and to help stabilize child care program operations. As a result of House Bill 169 of the 134th General Assembly, the Ohio Department of Job and Family Services (ODJFS), Office of Family Assistance, was authorized to spend additional ARPA funding.

PHASE 3

The Ohio Department of Job and Family Services (ODJFS) has established several child care stabilization sub-grant opportunities. These sub-grants are available for ODJFS regulated family child care (FCC) type A and type B homes. ODJFS regulated child care programs do not need to be participating in publicly funded child care (PFCC) to be eligible to apply for these sub-grants.

The sub-grant opportunities include Operating/New Pandemic Costs, Workforce Recruitment/Retention and Access Development.

Phase 3 Dates	
Phase 3 Application Window	August 1, 2022 – November 30, 2022
Phase 3 Expense Period	July 1, 2022 – June 30, 2023

Payments for Type A and Type B Homes Caring for Children During Traditional Hours

Payments are based on the family child care program's maximum number of children permitted on-site at one time pursuant to rule 5101:2-13-01, of the Ohio Administrative Code. The formula, listed below, consists of a base payment plus an additional per child dollar amount. Programs' total sub-grant maximum funding amounts will not exceed \$1,100 x the maximum number of children permitted on-site at one time, per OAC, which is twelve children for type A homes and six children for type B homes.

<p>Base payment + (per child amount x maximum number of children allowed by rule) = Maximum Funding Amount</p>

Example 1- An FCC Type A home to provide care for 12 children at one time would receive a base payment of \$10,000 plus \$13,200 (the per child amount of \$1,100 multiplied by 12) to equal the total amount of \$23,200.

Example 2- An FCC Type B home to provide care for 6 children at one time would receive a base payment of \$10,000 plus \$6,600 (the per child amount of \$1,100 multiplied by 6) to equal the total amount of \$16,600.

The chart below indicates maximum funding amounts by program type:

Program Type	Base Payment	Per Child Amount Multiplied by Program Type Maximum
FCC - Type A Home	\$10,000	\$1,100 x 12 children
FCC - Type B Home	\$10,000	\$1,100 x 6 children

Payments for Type A and Type B Homes Offering Non-Traditional Care

Type A and type B programs who have indicated in OCLQS that they provide the option for care during non-traditional hours will receive additional funds. When determining the sub-grant amount, the *maximum number of children permitted on-site per OAC, either 6 or 12 children, will be doubled.* **Non-traditional hours must be indicated in OCLQS prior to July 22, 2022.** Non-traditional hours include the following timeframes, and do not include holidays.

- OCLQS Days of operation: Saturday and/or Sunday
- OCLQS Start/End times: 7 p.m. to midnight and/or midnight to 6 a.m.
- OCLQS Attendance Option: Weekends
- OCLQS Services Offered: Evening Care and/or Overnight Care

Selections made after July 22, 2022 will not be added in your grant amount and will not be changed for Phase 3.

<p>Base payment + (per child amount x <u>doubled</u> maximum number of children allowed by rule)</p> <p>= Maximum Funding Amount</p>
--

Example 3 (non-traditional care)- An FCC Type A home to provide care for 12 children at one time **during non-traditional hours** as indicated in OCLQS would receive a base payment of \$10,000 plus \$26,400 (the per child amount of \$1,100 multiplied by 24 (*double OAC maximum number of children*)) to equal the total amount of \$36,400.

Example 4 (non-traditional care)- An FCC Type B home to provide care for 6 children at one time **during non-traditional hours** as indicated in OCLQS would receive a base payment of \$10,000 plus \$13,200 (the per child

amount of \$1,100 multiplied by 12 (*double rule maximum number of children*)) to equal the total amount of \$23,200.

The chart below indicates maximum funding amounts for non-traditional care:

Program Type	Base Payment	Per Child Amount Multiplied by Doubled Program Type Maximum
Non-Traditional FCC - Type A Home	\$10,000	\$1,100 x 24 children
Non-Traditional FCC - Type B Home	\$10,000	\$1,100 x 12 children

STABILIZATION SUB-GRANTS APPLICATION

The application, guidance and requirements will be made available on OCCRRA’s website **August 1, 2022**, at www.occrra.org. **Programs will need to have their Phase 1 and Phase 2 reconciliations approved before they are able to see the Phase 3 application.** Programs that have met the reconciliation requirement will see a green ‘+ New Phase 3’ button to add the application. Eligible providers must submit an application through the Ohio Professional Registry (OPR), via a program’s Organization Dashboard at <https://registry.occrra.org/>. Only those programs that have Organization Dashboard access will be able to open and complete the application and payment portal. The individual who has banking information and required program details should complete and submit the application and payment portal. The person who completes the application should also be the signer on the application.

Program eligibility is assessed two times during the application process. First, when the program completes their application. The second is right before payment is made. If a program is eligible to complete the application but is later determined ineligible before the payment is made, the program will not receive the funds. The program may reapply if they are deemed eligible before the application deadline.

When applying for the ARPA stabilization sub-grants, applicants are required to provide owner/administrator demographics, program operational status, and program estimated monthly expense data as these items are federally required by ARPA.

The **maximum funding amount** is based on program type, the program’s maximum number of children allowed by rule and if the program offers nontraditional hours per OCLQS. This number can be found on the funding charts in the Child Care Manual Procedure Letter. Programs cannot exceed the maximum funding amount in the expense period.

The **requested amount** is the amount that your program intends to spend during the expense period. The amount may equal the maximum funding amount, be a number less than the maximum funding amount, or a program may enter \$0 if not applying for a specific sub-grant. Programs should apply for all sub-grants they anticipate needing at one time. Programs can utilize none, some or all the sub-grants but cannot exceed the maximum funding amount for each phase. Additionally, these funds cannot be used toward an expense previously paid for with stabilization grant funding. Unused funds per phase cannot be carried forward.

The **expense period** is the timeframe when the funds need to be used. **The expense period for Phase 3 is July 1, 2022 – June 30, 2023.** Your expense receipts, paid invoices and documentation will need to have dates within this period.

Only the sub-grants that your program is eligible for will appear in the application. Please complete your application with all sub-grants and all funding you wish to receive during this funding cycle. When entering a requested amount, you will need to select sub-grant activities you will spend the funds on. For example, in Operating/New Pandemic Costs, if you only check the Personal Protective Equipment (PPE) box, that is the only activity you can spend those funds on. These activities will appear on the program's reconciliation expense report when it is time to complete.

The **application period** for the Phase 3 funding cycle is **August 1, 2022 – November 30, 2022.** Applications must be submitted **by 11:59 pm on November 30, 2022.** A complete submission includes the Stabilization Grant application and payment portal submissions. Incomplete submissions will not be accepted.

At times, there might be a need for a change to your program's application. Examples include but are not limited to the following:

- Waiving a sub-grant initially, but would now like to submit an application to access the funds
- Submitting for additional funds that do not exceed the maximum funding amount.

Programs will submit a new application for the changes above. Reminder – the new applications must be submitted before the application due date. In situations where access for an application or reconciliation needs to be changed, please reach out to support@occrra.org.

Programs can see the status of their application in the Organization Dashboard of the OPR.

PAYMENT

Payments are based on the program's type, the program's maximum number of children allowed by rule and if the program offers nontraditional hours per OCLQS. Programs will be required to complete the payment portal for payments to generate. The payment portal contains information for a substitute W-9 and Bank Account information. Programs that provide bank account information will be able to receive their payments via Automated Clearing House (ACH) transactions. Programs that do not enter bank account information, have the option to receive funding via a paper check. It is the program's responsibility to enter the correct bank account information. OCCRRA is not liable for incorrect information entered by the program.

Corporate programs are multi-site, single owner programs, where payments may be going to a centralized banking account. For corporate programs, please add a fiscal representative contact name and a fiscal representative email so we may provide license number information when paying a corporate account.

Payments will be processed approximately four weeks to six weeks after the application approval date. Programs can see the status of their application and payments in the program's organization dashboard in the OPR. Sub-grants will be awarded as long as funding from ARPA is available to ODJFS and appropriation to spend the funding is provided to ODJFS.

RECONCILIATION

Programs are required to complete a reconciliation for each sub-grant phase. Phase 1 & 2 reconciliations and desk reviews must be approved in order to access the Phase 3 grant application. **Reconciliations are to be completed and submitted no later than July 31, 2022.** Any grant repayments for Phase 1 & 2 must be sent to OCCRRA by September 15, 2022. Programs with an outstanding repayment may cause a Phase 3 payment delay. Phase 3 reconciliations must be submitted no later than July 31, 2023. Reconciliations will be located in the program's organization dashboard in the OPR. Programs should retain receipts, invoices and documentation for expenses used toward these sub-grants. Reconciliation guidance will be located at www.occrra.org.

New funding grant cycles will not be available to your program until the prior funding cycle is reconciled.
