COMMENTS FROM SOME OF OUR PARTNERS

From a T.E.A.C.H. *graduate*:

“I was able to benefit from T.E.A.C.H. by obtaining my associate degree in early childhood for little to nothing out of pocket expenses. Taking these additional classes has excelled my education in early childhood and simplified my daily work schedule because now I know exactly how to structure my day and classroom. My future career goals include officially being the administrator at my center and possibly own my own center one day. I would tell others about my experience as a T.E.A.C.H. scholar and that the process is a breeze and well worth the time. The scholarship was a blessing and so was Ms. Shamell. She was with me from start to finish and she was always so helpful and informative whenever I reached out to her.”
