Welcome

Welcome to the Ohio Department of Mental Health and Addiction Services (OhioMHAS), Early Childhood Mental Health (ECMH) Training Bulletin. This bulletin contains Ohio Approved Trainings conducted through the OhioMHAS, ECMH Training Institute for Ohio's Early Childhood Mental Health Professionals. Additional information about Ohio's Early Childhood Mental Health Initiative can be found on the OhioMHAS website at mha.ohio.gov/ecmh.

Infant and Early Childhood Mental Health Overview

Early relationships and experiences at home and in other environments set the stage for how a child learns to manage his or her emotions. The Ohio Department of Mental Health and Addiction Services (OhioMHAS) provides cross-system leadership through its Infant and Early Childhood Mental Health (IECMH) initiative that supports evidence-based training to equip parents and professionals across multiple systems with the skills to help children develop into mentally healthy individuals. Parents, teachers, and other professionals who effectively nurture, support, and connect with young children, especially those experiencing social or emotional difficulty, can ameliorate future disabling problems.

The IECMH initiative is aimed at promoting healthy social and emotional development (i.e., good mental health) of young children (birth to six years). It focuses on ensuring children thrive by addressing behavioral health care needs, which increases their readiness for school and later academic success. This is accomplished by building protective factors in young children's lives and increasing competencies and skills of parents and professionals working with children and families. Much of the development and implementation of the Ohio IECMH program has been built upon the research and resources available from the Georgetown University Center for Child and Human Development.

The Historic 2019 EC Systems Conference

Ohio's 2019 Early Childhood Cross Systems Conference was truly historic. Each of Ohio's Early Childhood state agencies collaborated for the first time to offer a fully integrated systems approach early childhood conference. Each day an agency took the lead and sponsored mental health, disability, and health specific sessions. There were cross-systems sessions designed to promote increased collaboration and improved outcomes among all early childhood professionals. In addition to the keynotes, participants were inspired by remarks from the new state agency leadership and participated in an interactive early childhood Wellness Fair. Sponsoring state agencies included the Ohio Department of Mental Health and Addiction Services, Ohio Department of Developmental Disabilities, Ohio Department of Health, Ohio Department of Medicaid, Ohio Department of Jobs and Family Services and the Ohio Department of Education.

Whole Child Matters: Early Childhood Mental Health Initiative and Ohio Preschool Expulsion Prevention Partnership

The foundations of sound mental health are built early in life. State grants to regional providers enable counselors to work with teachers, staff, and families of at-risk children in preschools and other early learning settings. The Whole Child Matters initiative promotes a strong mental health foundation for children to reduce preschool and kindergarten expulsions. Services include on-site interventions and child/family-focused assistance to parents, teachers, and staff. Call the Ohio Preschool Expulsion Prevention Partnership at 1-844-678-ABCs (2227) to find a provider in your county.

Ohio's Early Childhood Mental Health Training Institute

Ohio's ECMH Training Institute is designed to share best practices with the field and provide professional development opportunities to early childhood mental health (ECMH) professionals seeking the Ohio ECMH Credential. The purpose and goal of the training institute is to prepare ECMH professionals to deliver quality service to early learning centers and families; and to ensure providers have competency in the six domains of ECMH: Social and Emotional Growth and Development, Family and Community Relations, Assessment, Interventions, Professional Development, Cultural and Linguistic Competency. The Ohio Department of Mental Health and Addiction Services (OhioMHAS) serves as the sponsoring body for the Infant Early Childhood Mental Health (IECMH) Credentials. OhioMHAS is a partner agency in Governor DeWine's Children's Initiative. The Ohio Child Care Resource and Referral Association (OCCRRA) manages the IECMH provider's profile, processes applications for all Ohio's early childhood credentials through the Ohio Professional Registry and hosts Ohio Approved (OA) Training data.

The Master Trainer Role

Ohio Department of Mental Health and Addiction Services Bureau of Children, Youth and Families provides funding for up to seven master trainers to provide statewide training and technical assistance to infant and early childhood mental health counselors and consultants. The goal is to get the "right care, to the right children, at the right time" early enough to make the difference in their education and future success by deploying Ohio's experts in infant and early childhood mental health to reduce and eliminate preschool to kindergarten expulsions. The position is designed to increase capacity of Infant and Early Childhood Mental Health Professionals statewide to provide rapid response to early learning settings when parents, teachers or program directors have a need for help to stabilize a student's emotional or behavioral classroom adjustment.

Meet the Master Trainers

Please note, the name of each master trainer is color coded to match the region of the map on page 7 that they cover.

Lynn Belhorn, B.S., Nationwide Children's Hospital Lynn is employed by Nationwide Children's Hospital in Columbus as a regional Master Trainer, serving 17 counties in the Central Ohio area through the Whole Child Matters Grant. She has 35+ years of experience in a variety of public and private settings, providing early childhood education and community prevention services in early childhood mental health. Lynn's work has included direct services with toddlers through school-aged children, supervision, coordination, and program administration. Lynn.belhorn@nationwidechildrens.org

Katy Carpenter, MSW, LISW-S, Nationwide Children's Hospital Katy is currently a regional master trainer and an Early Childhood Mental Health consultant for Nationwide Children's Hospital in Columbus, OH. Katy received her Bachelor of Social Work from Indiana University and her Master of Science in Social Work from University of Louisville. Katy began working in the field in 2016 in a therapeutic day treatment program for children ages 3-5 with severe trauma and behavioral needs. Katy then provided outpatient therapy for children and families for 2 years before becoming an Early Childhood Mental Health consultant in 2019. Katy is regional master trainer under the Whole Child Matters Grant and continues to provide consultation and prevention services in the Columbus area. Katy currently holds her ECMH credential and is an independently licensed social worker. Katlin.Carpenter@nationwidechildrens.org

James (Jim) Flynn, MSSA, LISW-S, Positive Education Program James Flynn has been working in the field of mental health for 32 years and in the past 21 years his practice has been almost exclusively in the field of Early Childhood Mental Health. He has held the positions of mental health therapist, medical social worker, clinical supervisor, classroom consultant and parent resource consultant. He is currently a master trainer for the State of Ohio under the Whole Child Matters Grant and the Director of Early Childhood Plus for the Positive Education Program in Cleveland. James has a master’s degree in social service administration from the Mandel School of Applied Social Sciences. James is a Licensed Independent Social Worker with a supervisory designation, and he has certifications in Early Childhood Mental Health Consultation and Infant Mental Health through the State of Ohio.

He recently completed his phase two level certification in the Neurosequential Model of Therapeutics.

jflynn@pepcleve.org

Rachael Theis, B.S., Children’s Resource Center Rachael is a credentialed Early Childhood Mental Health Consultant and Master Trainer with Children’s Resource Center in Bowling Green, OH. She moved into the mental health field as a consultant in 2008 and has since been assisting teachers in the Northwest Region of the state by providing professional training in Early Childhood Social and Emotional Development.

Rachaelt@crcwoodcounty.org

Ava T. Lucky, MSW, LSW, ECMH-C, OIMHP--III

Ava has nearly 30 years’ experience supporting children, families and caregivers in early care and education. Throughout her employment, Ava has worked as a teacher, supervisor, licensed center administrator and has provided professional development training to licensed center-based and family childcare professionals. For the past 8 years, Ava has supported children and caregivers to foster targeted social & emotional developmental needs in homes, early learning environments and throughout communities in Northeast Ohio. “It is my privilege to serve child serving professionals across Ohio as Master Trainer.” Ava holds social work degrees from Ursuline College, Cleveland State University, and a Graduate Certificate in Early Intervention from

Georgetown University School of Continuing Studies. Ava is employed as Trainer/Consultant at Positive Education Program in Cleveland, Ohio. alucky@pepcleve.org

Colleen Wallace, M.S., Nationwide Children’s Hospital Colleen is employed by Nationwide Children’s hospital, Columbus as a regional Master Trainer and IECMH Consultant, serving 17 counties in the Central Ohio area through the Whole Child Matters Grant. She has 20+ years of experience, providing early childhood education and community prevention services in early childhood mental health. Colleen is particularly interested in the topics of relationship and connection but provides training on a variety of other topics. Colleen currently holds the Ohio Infant Mental Health Practitioner Level III (OIMHP-III) credential in the state of Ohio.

Colleen.Wallace@nationwidechildrens.org

Ikeshia Smith, PsyD, LSW, ECMH-C, Hopewell Health Centers Ikeshia is an IECMH Consultant and Master Trainer for Hopewell Health Centers, Inc. in Southeastern, Ohio. Dr. Smith specializes in providing trauma-informed, evidence-based treatment and psychological assessment services for children and their families. In addition, Dr. Smith works as an independent contractor for a group practice located in Mentor, Ohio, conducts mental health presentations in churches that services minority communities, and participates in local and state initiatives to promote equity and inclusion among disenfranchised communities and mental health professionals of color. Dr. Smith has a background working in child protective services, home health, and crisis stabilization. Dr. Smith graduated from Kent State University with her Bachelor of Science in Human Development and Family Studies in 2009, Case Western Reserve University with her

Master of Social Science in Administration in 2016 and earned her doctorate in Clinical Psychology from Capella University in 2021. Dr. Smith completed an APA-accredited internship with Hopewell Health Centers and postdoctoral training through OhioGuidestone with her placement at Cleveland Public Schools. She enjoys watching horror movies, traveling, basketball and track & field, and spending time with her nephew. Ikeshia.Smith@hopewellhealth.org

Erin Finley, LISW-S, ECMH-C, OIMHP-III, Hopewell Health Centers Erin Finley is an Infant and Early Childhood Mental Health Coordinator and Master Trainer for Hopewell Well Centers, Inc. in Southeastern, Ohio. Erin has provided Southeastern Ohio with mental health services for the past 8 years; serving as a case manager, school-based therapist, Infant and Early Childhood Therapist/ Consultant, clinical supervisor, and coordinator. Erin is certified to provide Parent Child Interaction Therapy and Child Parent Psychotherapy. In addition, she is trained in Eye Movement Desensitization and Reprocessing Therapy, holds an Early Childhood Mental Health Credential, Infant Mental Health Level III Credential, and Trauma Informed Care Credential. Erin graduated with her bachelor's and master's degree from Ohio University in Athens. She currently resides in Noble County with her 2-year-old son. Erin.Finley@hopewellhealth.org

Monique Sangialosi, BA, Alta Care Group I started on my journey in early childhood about 11 years ago as a preschool teacher for Head Start in Mahoning County. Throughout my time, I assumed complex roles including that of an Education Supervisor and Disabilities Coordinator within the Head Start framework. My dedication to fostering early childhood development and supporting professionals engaged in this field has remained constant. Over recent years, my professional focus shifted towards the area of mental health within child development. My commitment to serving the holistic needs of children, families, and educators within our community has been a driving force in my career trajectory. In pursuit of furthering my expertise, I have recently embarked on a Master of Social Work Program, driven by my excitement

to expand my professional career. Simultaneously, I have assumed the position of Early Childhood Mental Health Supervisor at Alta Care Group and am starting my journey as a Master Trainer. It is with immense honor that I accept this role, recognizing the opportunity it affords to contribute towards Early

Childhood Mental Health services. I am deeply committed to making a positive impact on the lives of children and families within our community. Moniques@altacaregroup.org

Ohio Professional Registry

The Ohio Professional Registry is a centralized information system for early childhood and afterschool professionals. Ohio’s web based professional registry allows professionals to document and track their career growth and accomplishments as well as to search and register for training opportunities offered statewide.

OCCRRA also coordinates the Early Childhood Mental Health and Ohio Infant Mental Health Credentials processes, as well as the “Ohio Approved” process for professional development opportunities. The goal is to ensure early learning and afterschool professionals receive high-quality professional development to maximize the learning and development of children in their care. Visit your Registry profile to apply to be an Ohio Approved Instructor, create a Training Organization, and submit professional development for Ohio Approval.

Get Started

To get started, create a profile, upload your supporting documents, and be recognized for your experience, education, credentials, and training in the Ohio Professional Registry. Follow the new user guide to learn how to document your employment, education, and training to fulfill Ohio's Early Childhood Mental Health and Infant Mental Health credentialing requirements.

Infant and Early Childhood Mental Health Consultant Credential

The Infant and Early Childhood Mental Health Consultation (IECMHC) Program objectives are to build protective factors in young children (from birth to six years of age who are at risk for abuse, neglect, and poor social/emotional health), increase skills of parents and promote the competencies of early childhood providers. IECMHC targets the healthy social and emotional development of all young children in Ohio to ensure they thrive and achieve success in school. Consultation requires practitioners to have formal preparations, certifications and licensure in children's mental health and experience working with young children and their families.

Since 2000, Ohio has recommended that IECMH practitioners be licensed mental health professionals. Everyone applying for an IECMH Credential will need to complete a personal profile in the *Ohio Child Care Resources and Referral Association's* (OCCRRA) Professional Development Registry. If already completed, you would not have to reenter for the credential. You will need your OPIN number and to have met the Core Competencies course requirements.

Please note, to obtain the IECMHC, the Ohio Model of Infant and Early Childhood Mental Health Consultation and the Devereux Early Childhood Assessment (DECA) trainings are required. An additional fifteen hours of training must be completed in the following areas: social emotional growth and development, family & community relations, assessment, interventions, and cultural and linguistic competency. Please visit <https://occrra.org/ohio-professional-registry/early-childhood-mental-health/> for complete guidance.

Ohio Infant Mental Health (OIMH) Credential - Established March 2020

The launch of the Ohio Infant Mental Health (OIMH) Credential expands our formalized specialization and certification of the IECMH professions in Ohio. The overarching purpose of this OIMH credential is endorsed by the Governor's Office to achieve the Goal of implementing a set of nationally recognized skills and core competencies that will be developmentally appropriate and anchored in relationship-based practices that support the needs of infants and caregivers to reach their greatest wellness.

The Three (3) OIMH Credential Levels are Ohio Infant Family Affiliate Level I (OIFA-I) Ohio Infant Family Practitioner Level II (OIFP-II) Ohio Infant Mental Health Practitioner Level III (OIMHP - III). Every early childhood system partner including providers of childcare, early learning and education, home visiting, early intervention, maternal health, and infant and early childhood mental health plays a key role in the achievement of good infant/caregiver outcomes. Ohio recognizes the need for early childhood system professionals to have specialized skills and training while working with Ohio's pregnant women, infants, and toddlers. As such, the Ohio Infant Mental Health Credential is accessible to all Ohio early childhood professionals and is leveled to the right scope of practice for each service-delivery system partner. <https://mha.ohio.gov/Schools-and-Communities/Educators/Early-Childhood-Mental-Health/Infant-Mental-Health-Credential>
