

Training Organization Dashboard User Guide

The Training Organization Dashboard is the portal through which PD Event applications, for both OA and Non-OA, are created and submitted for review by the OCCRA Approval Review Team.

Other functions of the training organization dashboard include:

- Scheduling Professional Development (PD) Events for posting on the Ohio Professional Registry (OPR)
- Managing PD event registrations and attendance
- Managing instructors

If you are not already associated with a training organization, you can complete a request a for a Training Organization to create, submit, and post PD events via the Applications tab in your profile.

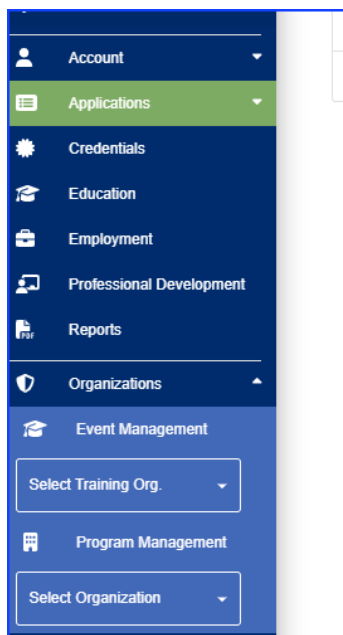

Please note, if you are already associated with a training organization, the administrator of that dashboard will need to grant you access/permissions for that dashboard.

Training Organization Dashboard – Granting Access

Once approved or associated with a training organization, the organization administrator must grant permissions for other staff/users to have access to the Training Organization Dashboard.

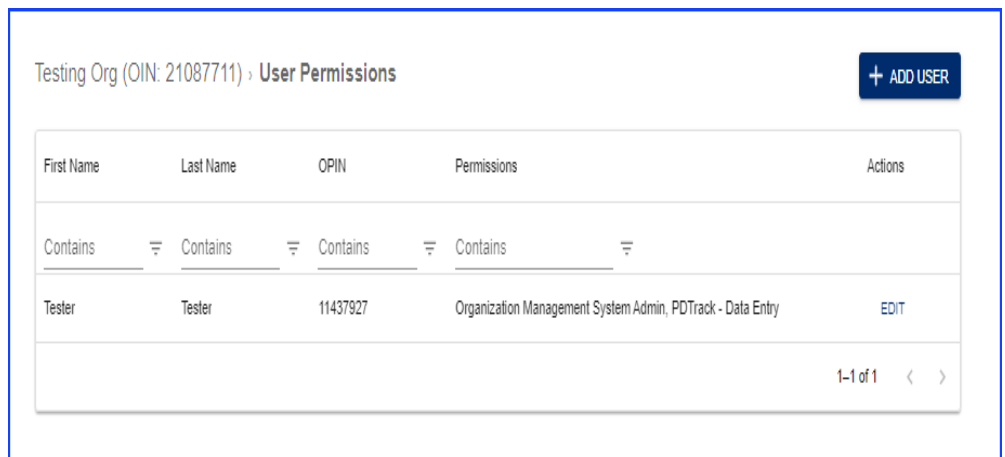

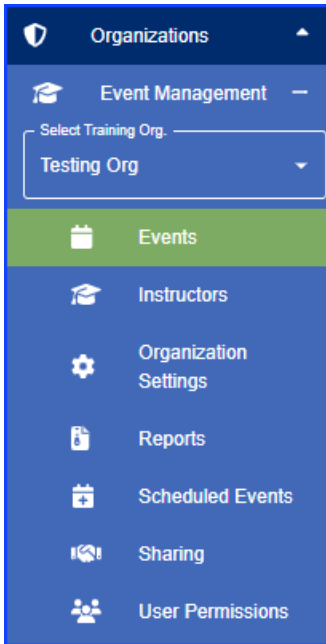

To grant access:

1. Log in to your Ohio Professional Registry profile
 1. From the menu on the left, choose Organizations, find Event Management, and the Select Training org.

Training Organization Dashboard User Guide

2. Select the training organization you want to manage from the list, a menu of options will list on the left side panel.
- Select User Permissions
 - Select Add User
 - Enter an OPIN and check each permission you are granting

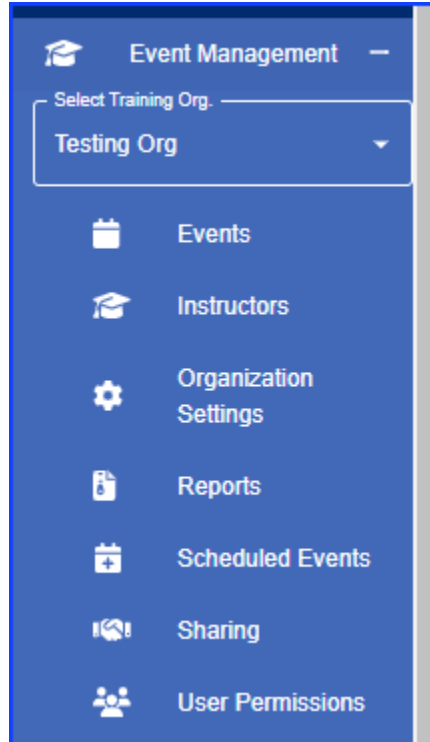

Training Organization Dashboard User Guide

Using the Training Organization Dashboard

1. Visit <https://registry.occrra.org/> to sign into your profile.
2. Select Organizations from the menu on the left,
3. Select Training Org and choose the training organization you want to access to view the Events Page and other options.

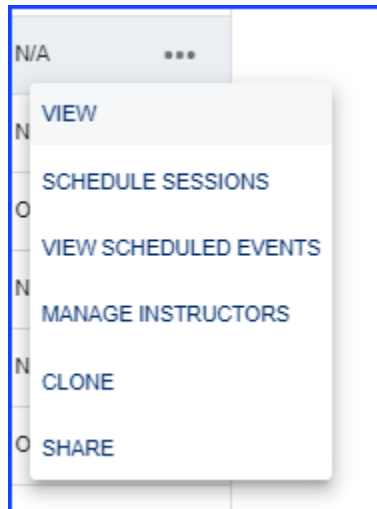

This function is only enabled if you are a training organization or have been granted access to a training organization dashboard. You only have access to organizations associated with your OPIN.

Training Organization Dashboard User Guide

Events

1. On the Events page view all PD events associated with the training organization, create a new PD Event and complete the application, and manage scheduled PD events.
 - Use the filters at the top of each column for various options
2. To view available actions for an event, click the ellipsis () on the far right of the event; a menu will open with additional action buttons.
 - a. View allows you to see the event application.
 - b. Schedule Session opens a new page to schedule the event
 - c. View Scheduled Events – opens to the scheduled events for that AT/Event
 - d. Manage Instructors allows you to add instructors who are eligible to present this event. Add instructors using their OPIN to avoid adding the incorrect person, or person with same or similar name.
 - e. Clone – allows the training organization to update an approved application
 - f. Share – allow the training organization to share their approved events with other training organizations

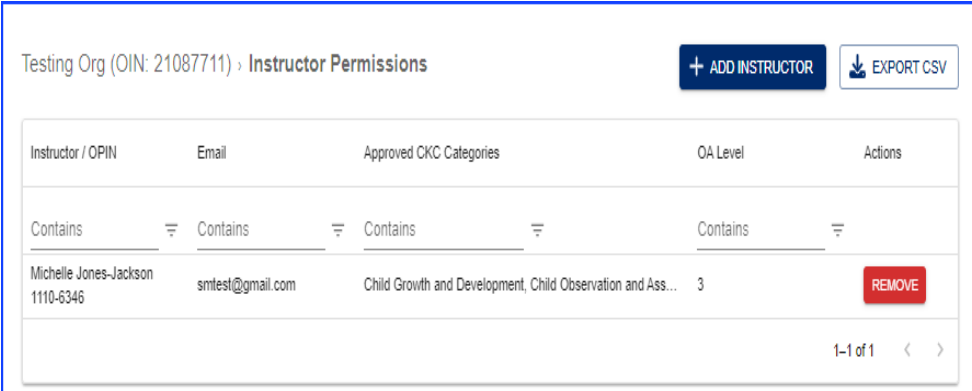

3. To create and submit a new PD Event application, click on the blue “GO” button in the top right corner next to Create Event. A new application will open –complete the required fields, save it as draft, or submit it for review.

4. Instructors

On the Instructors tab you can view, add, and remove the Ohio Approved instructors associated with your training organization. **This function does not grant instructors access** to the Training Organization Dashboard or give them permission to instruct/facilitate specific PD events – it is for display only. Click the blue [Add Instructor](#) button to add via OPIN. Instructors can be removed from the list at any time.

Instructor / OPIN	Email	Approved CKC Categories	OA Level	Actions
Michelle Jones-Jackson 1110-6346	smtest@gmail.com	Child Growth and Development, Child Observation and Ass...	3	REMOVE

5. Organization Settings

This is only available for those with organization management permission. The option allows the revision and/or updating of the training organization’s information (address, phone number, etc.).

6. Reports

Select this to create reports for your training organization. Only organization administrators have this option.

7. Scheduled Events

Select this tab to view all events scheduled by the training organization. Search scheduled events by Event Status, Event ST (ID), or Event Title.

8. Sharing

Share your approved trainings with other training organizations

9. User Permissions

This available for organization administrators only to add/remove access to the training organization.

Scheduling and Managing Professional Development Events

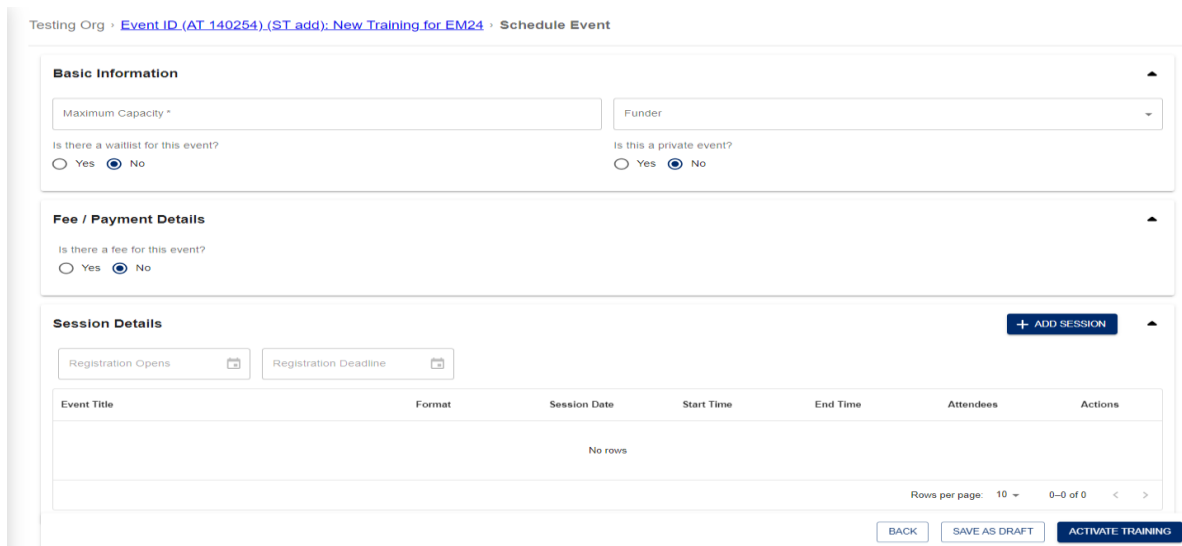

Note: Only PD Events that have completed the application review process can be scheduled in the OPR.

To schedule a new PD Event:

1. Log in to your profile.
2. Go to the **Organizations** tab and select your training organization.
3. Locate the intended event, click on the ellipsis located on the right of the event to open a menu.
4. Select **Schedule Sessions**.

5. Complete all required fields – you must select “Add Session” before adding the Registration Opens and Registration Deadline date.

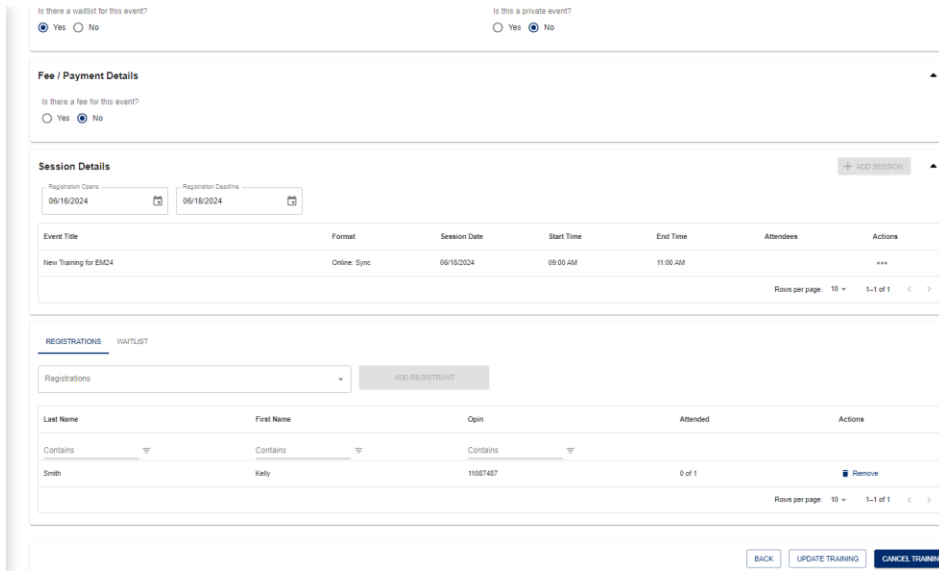

When all required fields are completed, the scheduled event can be activated so professionals can register.

Manage Registration and Attendance

1. Registrations

Professionals can search for and register for your activated scheduled events via the Training Search. All registrants will list at the bottom of the scheduled event:

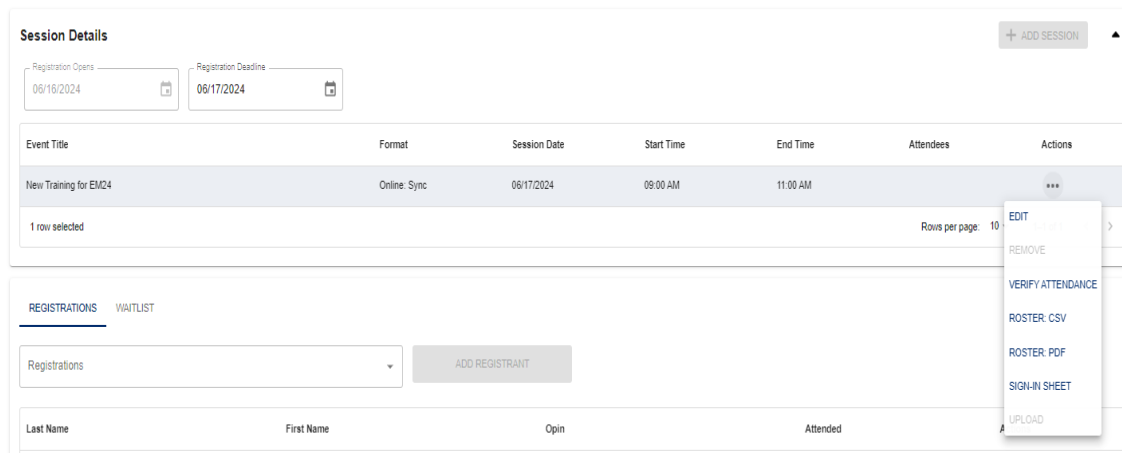

The screenshot shows the 'Manage Registration and Attendance' interface. At the top, there are two toggle questions: 'Is there a waitlist for this event?' (Yes/No) and 'Is this a private event?' (Yes/No). Below these are sections for 'Fee / Payment Details' and 'Session Details'. The 'Session Details' section includes a table with columns: Event Title, Format, Session Date, Start Time, End Time, Attendees, and Actions. A single row is visible for 'New Training for EM24'. Below the table is a 'REGISTRATIONS' section with a search dropdown and an 'ADD REGISTRANT' button. A table below shows registrant information with columns: Last Name, First Name, OpIn, and Attended. One registrant, Kelly Smith, is listed. At the bottom, there are buttons for 'BACK', 'UPDATE TRAINING', and 'CANCEL TRAINING'.

Training organizations can manually add registrants via their OPIN in the “Add Registrant” section.

2. Attendance

Attendance is marked in the Session Details section in each session. Find the ellipsis on the right side of the session, click it to open a menu of options.

This screenshot focuses on the 'Session Details' section. It shows the same table as the previous screenshot. A dropdown menu is open from the ellipsis icon in the 'Actions' column of the 'New Training for EM24' row. The menu options are: EDIT, REMOVE, VERIFY ATTENDANCE, ROSTER, CSV, ROSTER, PDF, SIGN-IN SHEET, and UPLOAD. The 'REGISTRATIONS' section and 'ADD REGISTRANT' button are also visible below the table.

Go to Session Details:

Click the ellipsis on the right of the session to access the additional action buttons and choose an action:

- View/Edit – view the Session Details and add information for participants if needed
- Remove – deletes the session including the registration and the attendance.
- Verify Attendance – mark attendance for registrants.
- Roster CSV– export a csv file of all registrants and contact information populated from their profile
- Roster PDF – pdf of roster with registrant name and contact information populated from their profile
- Sign In Sheet – to be used to record attendance at an event and view registrant contact information
- Upload – upload a CSV file for large attendance rosters and special events (conferences, etc.); this will add registrants to the session. Upload a csv file for each session of the scheduled event

Manually Add Registrants

Access the scheduled event via steps listed above.

1. Type in the registrant's OPIN in the box
2. Click on the name that lists in the drop-down
3. Click on "Add Registrants"

To add registrants via CSV upload:

Access the scheduled event via steps listed above.

1. Go to Session Details:
2. Click the ellipsis on the right of the table to access the additional action buttons and choose "Upload"
3. Upload a CSV file for large attendance rosters and special events (conferences, etc.); this will add registrants to the session. Upload a csv file for each session of the scheduled event

Verify Attendance

1. Log in to your profile.
2. Go to the Training Organization Dashboard and choose Events; choose Scheduled Events.
3. Locate the ST and click on the ellipsis on the right of the table to access the Edit button and view the ST.
4. Find the Session Details section.
5. Click the ellipsis on the right of the session to access the additional action buttons and choose Verify Attendance.
6. Click on the box under the Attended column for each registrant that successfully completed the course. This will send the data to the registrant's profile.

Training Organization Dashboard User Guide

For Asynchronous PD events only:

The date the training organization verifies attendance for an asynchronous training becomes the date of completion in the professional's profile. If the date of completion is *not* the same as the date of verification, the date can be changed. The date of attendance may be edited to indicate the exact date of the training completion.

In the Date Attended column, click in the box next to the checkbox for each professional and type in the actual date of completion.

Complete PD event – This process closes the PD event and no further edits may be done.

Once attendance has been verified:

- Click on the Complete Event tab
- Select "Complete Event" and Select "Yes"

Training Organization Dashboard User Guide

A completed event may be reactivated to revise attendance if necessary.

Reactivate Event – This process opens the PD Events to allow for revisions to the attendance.

1. Go to the Training Organization Dashboard and select Scheduled Events.
2. Locate the ST and click on the ellipsis on the right to access the Edit button and view the ST.
3. Choose Edit
4. Select the Reactivate Event button at the bottom of the page.
5. Choose "YES"
6. Revise/verify attendance.
