CONTINUING PROFESSIONAL DEVELOPMENT TRACKER

For 5 Year DS, EISC, and EISC Supervisor 5-Year Certification Renewal

Developmental Specialists (DS), Early Intervention Service Coordinators (EISC), and EISC Supervisors are required to complete this continuing professional development (CPD) tracker and **upload it to the “Attachment” section** of their renewal application prior to application submission in the Ohio Professional Registry (OPR). Accurate completion of this document assists professionals with organizing their completed training over the 5-year certification period. Additionally, submitting this document alongside the application expedites application processing by allowing OPR Reviewers to more efficiently locate proof of training completion, which should be uploaded to the "Professional Development" tab. Document and calculate CPD hours using the table below.

Training Title (should be same title as listed in the OPR)	Hours	Date of Completion	Approval # (if available)	CPDUs toward which credential? (DS, EISC, or both)
